The Dorchester Community Care Network is working to make sure you and your neighbors have everything you need during the COVID-19 pandemic. In these fast-moving and uncertain times, it's important that we show up for each other and remember that we are not alone. We love our neighborhood and the people in it.

The form below started off as a Google Form used to collect information about the specific needs and offerings of individuals and households. We have moved to this web form and this website to better handle the data and track ongoing needs and offerings.

You can complete the form below without signing up with a username and password, but you must have a login to edit the information on the form after submission. We suggest **signing up** and logging in before completing the form.

WHO WE ARE

We are a group of Dorchester residents, community organizers, workers who are connected to Dorchester Not for Sale, Asian American Resource Workshop, Black Lives Matter Boston, New England United For Justice and other community organizations. The group was formed in the wake of the COVID-19 crisis. (Additional about us information will be included about the mission and goals.)

Many thanks to Mutual Aid Medford and Somerville (MAMAS), who initiated creating the original tools that we adapted. To replicate it for your neighborhood, check out their how-to guide.
